WHY CHOOSE SKILLED NURSING?

Skilled nursing care is specialized, around-the-clock nursing care typically provided in a nursing home and includes help with personal care and medical treatment, assessment and monitoring by a professional nursing team.

Individuals with a serious medical condition such as respiratory disease or heart failure might consider skilled nursing care. Other services offered include physical, occupational, speech and respiratory therapy; 24 hour pharmacy services; laboratory blood draws; optometry care; podiatry care; dental care; and transportation to medical appointments.
